

CUSTOMIZER™

ITEM# 1500

CUSTOMIZER

BECOME A ROCKET INVENTOR! Build and design your own concept rockets! The new Customizer™ Rocket Set will turn YOU into a MODEL ROCKET DESIGNER! Develop, design and build dozens of custom rockets! You can even create a rocket up to 46 inches tall! Estes has researched hundreds of combinations of the 45 different rocket parts included in the Customizer™, to allow you to create over 64 custom rockets! Combine the different colored body tubes and colored molded plastic parts to create High-Speed High-Altitude Rockets or Radical Research Rockets! Blast-Off your sister's mini-dolls into the upper atmosphere with the clear payload section. Launch your favorite micro-car, candy or bugs into orbit! You can even customize your own rocket deco designs with over 50 self-stick decals! The Customizer™ includes the world famous Estes Launch pad, controller and Rocketeers guide. Just add 4-AA batteries, Estes® engines and your imagination!

Assembly is required. Recommended for ages 10+, with adult supervision for those under 12.
